PART II

NARRATIVE

PART II - NARRATIVE:

The end of October left the 368TH FIGHTER GROUP with its face completely lifted, and itself a mere skeleton of the former "Glory Group" of the old combat days. Redeployment picked the meat from its bones and left it with but one hundred and forty seven (147) enlisted men as compared to an authorized eight hundred and five (805) men. The Officer strength stayed pretty close to the authorized strength but at one time there were only ten more enlisted men than officers in the group. Under this situation many Officers were seen at a typewriter doing a clerk-typist's job, and others appeared for work in their coveralls to preflight their airplanes.

The face-lifting-job was the result of an overall change of key personnel in the outfit, and would be the envy of any expert plastic surgeon. With the transfer home of such "wheels" as our Commanding Officer, Colonel Perego; our Deputy Commander, Lt. Colonel Carbine; and our Adjutant, Major Johnson; a new administrative lineup appeared in the persons of Major Crisp as CO, Major Easer as Deputy CO, and Lt. Knooihuizen as Adjutant. The many other principle and additional duties were reassigned among the remaining Officers with a large share of former flying officers now assuming positions as "swivel-chair-pilots" behind an executive desk.

There are quite a few Officers left who have been with the group for quite a long time, but the remaining enlisted men are mostly new men recently transferred from Base Air Depots in England. Many of these men have sweated the war out at Warton or Burtonwood, England, for as high as two and three years working hard but getting no battle credit or points for battle. These men do not complain but are mighty anxious to get home to their families and have no taste for occupational life.

The one "sore spot" in this Group's 'occupational furlough' here in Bavaria is the quality of the food and clothing rations which have been received during the last month. At the Enlisted Men's Consolidated Mess Hall a noticeable lack of the better cuts of meat and an insufficient supply of such things as sugar, butter, and sometimes even bread, has been experienced. Widespread complaints from both Officers and enlisted men has resulted in an investigation into the matter.

The station has received a large supply of coal for the winter and is using D.P. labor to unload and load into the bins, under the supervision of Base Utilities and our Group S-4. Winterization of the buildings continues, and a heat conservation move was made by billeting all the EM in one heated part of the large barracks.

PART III

DIARY

PART III - DIARY:

1 October: What should have been just another "Blue Monday" turned out to be quite a cheerful one for several reasons. First of all, the Eagle buzzed the field today, and in spite of being a day late (yesterday being Sunday off) he left many smiling faces and bulging pocketbooks.

- Good news from higher headquarters also left many Officers happy and hopeful when the critical score for them was lowered to 75 points. Major Johnson, Colonel Perego, and Lt. Colonel Carbine received word that they are soon to be transferred to the XI.

- 2 October: Fifteen Enlisted Men from Headquarters Squadron, and a representative number from the other squadrons, received word today of an increase in pay for themselves; and it was evident that many heads were held a little higher today, while everyone was calling their friends by their new rank rather than the old nicknames. Most of these fellows have been working long for these stripes, which up to now have been all but unobtainable.

Rumors were rampant today concerning XI with over 75 points being on the way home by the 11th.

- 3 October: A new man, Cpl. Turner, was assigned to Hqs District and Bill Room to become acquainted with the work and to replace S/Sgt Jones when he returns to the XI.

- Three more Hqs XI were boosted one rung on the Non-Com ladder and given a well deserved stripe.

- 4 October: Major Pierce W. McKennon arrived today from XII TAC and was assigned to Hqs Squadron. Major McKennon has "viel" combat experience as a fighter pilot and has piled up 246 points on his Adjusted Rating Score card.

- Thirty six Hqs XI appeared on orders today to leave for before the 10th on that so called "Sentimental Journey Home". The barracks buzzes these evenings of talk concerning post war plans and of how these lucky boys "are going to put their hearts at ease and renew old memories".

- The last issue of this unit's news-sheet "The Fortress Feature" appeared today. Due to lack of available personnel, this important feature of our occupational life has been forced to cease publication. It will be greatly missed by all personnel.

- (1) SPECIAL ORDERS NO. 123, 368TH FG HQS, dated 1 October 1945
(2) SPECIAL ORDERS NO. 124, 368TH FG HQS, dated 2 October 1945
(3) SPECIAL ORDERS NO. 125, 368TH FG HQS, dated 4 October 1945
(4) "THE FORTRESS FEATURE", Vol. 1, No. 19, dated 3 October 1945

- 5 October: Lt. Colonel Carbine, Deputy Group Commander, and Major Johnson, Group Adjutant, left by TB-26 aircraft for AAF Station 392 to be redeployed to the 21. Both men were veterans of this unit and have served it well.
- (1) This group is now operating under the 70th Fighter Wing, whereas it formerly was directly under XII TAC. This information was received yesterday by teletype.
- (5) Preparations continue for the EI Dance on Saturday, while the Officers entertained themselves with a Dance this evening.
- 6 October: All salvaged G.I. clothing possessed by the Civilian Employees was picked up by S-4 to be dyed in accordance with 9 AF directives.
- The EI Dance was held in the Hqs Club Rooms from 1830 to 2200 hours with a German Orchestra and Floor Show. It was an all-out affair and enjoyed by everybody.
- 7 October: The weather cleared up after a rainy nite and attracted a large number of huntsman and sightseers. The EI Club did not open tonite because the liquor supply was exhausted, and the club rooms were still a mess from the party.
- 8 October: The Padre, Captain Cleary, left today for the 27th Fighter Group. Father Cleary was Club Officer for the Fortress Officer's Club.
- (3) "The Fortress Feature" was closed out today and the final issue was sent to all former members of the Group.
- S-4 took all the Civilian clothing to Straubing to be dyed and discovered there was no dye available from civilian sources.
- (6) Several EI were deleted from shipment home for various medical reasons; good reason for some long faces around the field.
- (7) 9 October: Flying weather was good today but little more than the most essential work was done: with half of the Group going home tomorrow no one was in the mood for "occupying Germany". The evening was spent in last minute packing and in farewells over a drink or two at the club. Most of the fellows stayed sober however and went to bed early in preparation for an early rising.
- 10 October: By the first light of morning the truck convoy left the base taking some 300 fellows a little closer to home. Their transfer left the base a lot quieter and eliminated all waiting in line at mess hall and P.X.

- (5) TWA B-4815, XII TAC HQS, dated 4 October 1945
- (6) SPECIAL ORDERS NO. 126, 368TH FT HQS, dated 6 October 1945
- (7) SPECIAL ORDERS NO. 127, 368TH FT HQS, dated 8 October 1945

10 October: (cont.)

- (8) Major John W. Baer, formerly 396th Squadron Commander assumed the office of Group Executive Officer, and Major Dennis Crisp became Deputy Group Commander.

- (9) The Group received its new Chaplain in the person of Capt. Mark J. Mogan, who replaces Father Cleary.

11 October: Difficulty is still being encountered by S-4 in procuring dye for the coloring of Civilian clothing.

- (9) A Pace Regulation (9-3) was drawn up on Vehicular Traffic Rules this evening after frequent displays of traffic violations and carelessness on the field.

12 October: Bad weather today gave the pilots a chance to pre-flight the stored aircraft and get experience in preflighting and maintenance which will be one of their responsibility hereafter.

Engineering units of the Group consolidated today and the number of aircraft allotted for operational purposes was decreased to four planes per squadron.

- (10) Captain Newton I. Steers left for London to attend a 27 day course in Law at General Council of the Bar.

13 October: The Hqs Unlisted Men were ordered to move from their cozy two-man rooms in the barracks to larger rooms near the center of the building in order to conserve heating fuel. The other squadrons have already moved together for the same purpose.

The officers had a dance and party at the lavish Chateau just outside of Strasbourg this evening.

14 October: A non-operational day today with the usual amount of off-duty activities going on.

- (11) 15 October: The B-25 flew to the Diviers bringing 3 Officers and as many NCOs down for a 7 day leave. They picked up the group that had gone down the previous week.

The S-4 section requisitioned from G-1 the dye required for coloring of Civilian clothing.

16 October: Lt. William Vincent was sent to 70th Wing for 30 days of Detached Service with Operations.

- (12) Lt. Harvey Cook was appointed Ground Safety Officer, and Lt. Stearns was appointed Assistant Adjutant.

A farewell party was held this evening for Colonel Ferego, who leaves for home tomorrow.

- (8) SPECIAL ORDERS NO. 122, 363TH FG HQS, dated 10 October 1945
 (9) PACE REGULATION 9-3, HQS 4-68, date 11 October 1945
 (10) SPECIAL ORDERS NO. 210, XII TAC HQS, dated 3 October 1945
 (11) SPECIAL ORDERS NO. 129, 363TH FG HQS, dated 12 October 1945
 (12) SPECIAL ORDERS NO. 130, 363TH FG HQS, dated 16 October 1945

17 October: Bad weather restricted all flying for the day as far as local training flights go.

A truck was dispatched to R-72 to pick up thirteen MI who are transferring into our group. All these men have over 50 points.

- (13) Colonel Perego, Group Commanding Officer, left for A-57 in France for return to MI. Colonel Perego was well liked and respected by his men and will be missed.

- (14) 18 October: A new "Aircraft Accident Investigation Board" was established with Major John W. Baer as President; Major McKennon was appointed Aircraft Accident Officer.

- (14) The thirteen new MI were assigned to their squadrons today with one man assigned to Hqs Squadron. Replacements nowadays, no matter how few, are precious items.

Major Dennis Crisp, Deputy Group Commander, assumed the office of Group Commander replacing Colonel Perego.

19 October: The Photo Lab reopened again under the sponsorship of the 397th Squadron and a schedule was set up for development and finishing of prints. A very popular feature with the many sightseers and amateur photographers.

Another foggy day kept everything grounded, and gave the flying officers another chance to get in some maintenance time.

- (13) 20 October: A Special Courts-Martial is appointed today with Major Baer as President of detail. Captain James Curtis is the law member.

- (13) Lt Haueter of 397th Squadron was placed on SD with Hqs Weather Section. Lt. Haueter is a flying officer.

The Officers held a party on the field in the evening and a U S C Show was presented at the Fortress Theatre on the base.

21 October: A perfect Sunday morning for those who like to sleep late, but not so pleasant for eager beavers who arise early for hunting or sightseeing on their day off.

- (16) 22 October: The weekly trip to the hivers was made once more with the usual quota of 3 Officers and 3 MI.

Carpenters are rushing work on the new PX Soda Fountain to meet the opening deadline on Tuesday. Four girls were hired to act as soda jerkers and waitresses.

- (13) SPECIAL ORDERS NO. 221, XII Hqs Hqs, dated 16 October 1945
 (14) SPECIAL ORDERS NO. 131, 368TH Hqs Hqs, dated 18 October 1945
 (15) SPECIAL ORDERS NO. 132, 368TH Hqs Hqs, dated 20 October 1945
 (16) SPECIAL ORDERS NO. 133, 368TH Hqs Hqs, dated 21 October 1945

22 October: (cont.)

- Station Bulletin No. 1 was issued today to disseminate information of general interest to units on the base.
- (17) Lt Harvey Cook was appointed Fuel Economy Officer, a most important office in view of the fuel shortage here in Germany.

23 October: The Post Exchange's new Soda Fountain opened today to the patronage of a large and "ice-cream hungry" clientele. It looks as though the demand will be bigger than the supply and the possibility of rationing of the confections will be great.

S/Sgt S.F. Kowynia reported for duty this morning after returning from 2 months of studying at Biarritz, France. Sergeant Kowynia studied Commerce and has only praise for the course and the accommodations.

Thirty three Enlisted replacements arrived late this evening from 70th Wing, but most of them had fifty points or more. Only four of them had under fifty points but two of these had less than thirty points.

- (19) 24 October: The new men were assigned to their squadrons with six going to Hqs Squadron. These replacements are acting more or less as a blood transfusion for our understrength Group.

Some more appointments were made (almost a daily occurrence) as follows: Lt. Stephens was made Recruiting Officer, Lt. Wallace was brought from the 396th S-2 Section to become Asst Group S-2 Officer, while Lt True assumes the responsibilities of the Voting and Historical Officer for the Group.

25 October: Today the Base was honored by the visit of Major General Kepner, Commanding General of 9 Air Force, who made an informal inspection tour of the field. Also on the base today was an administrative inspection team from XII TAC, which inspected the various squadrons.

A meeting was held this morning of Group and Squadron Intelligence Officers to discuss the consolidation of S-2 sections. A partial consolidation was agreed upon leaving the S-2 sections in the squadrons to carry on the minimum work required while all important S-2 operations would be done by Group.

26 October: An Air Review Mission scheduled for today was cancelled due to bad weather.

- (20) A Standard Operating Procedure for the reporting of ground vehicle accidents was drawn up by S-1 for guidance and instruction in the future.

-
- (17) STATION BULLETIN NO. 1, HQS R-68, dated 22 October 1945
 (18) SPECIAL ORDERS NO. 134, 368TH FG HQS, dated 22 October 1945

 (20) LTR, "REP'T ON MTR VEHICLE ACCIDENTS", 368TH FG, dtd 26 October 45

26 October: (cont.)

- (21) Major McKennon was officially appointed Group Operations Officer and Major Baer was appointed (additional duty) Group Administrative Inspector and Group Surveying Officer. Several other additional duties were assigned to different Officers in the Group.

- (22) 27 October: Two Councils were appointed today: Group Safety Council, and Special Service Enlisted Men's Council. The latter council held a meeting at 1100 hours and discussed items of general interest to the Enlisted Men. An election of officers was held and a decision reached to convene every two weeks.

Ten men from Headquarters plus a few hundred other GIs had their weekend ruined by being put on detail shoveling coal this afternoon. However, it was an emergency detail, and the hundred carloads had to be unloaded to free the cars for immediate use.

28 October: A large group of civilian workers volunteered to finish unloading the coal cars in return for their meals and extra pay, so the GIs could enjoy their day off after all. Many were the aching backs that stayed in bed this Sunday morning after their shoveling yesterday. The more ambitious souls rose early for hunting or sightseeing. The Post Exchange Soda Fountain was open today under the new scheduled set up and was well patronized by the appreciative GIs.

- (24) 29 October: Six more men were named to make the Riviera Excursion Run today but were unable to leave because of bad flying weather. The civilian clothing has finally been dyed and was distributed. There was quite a bit of mixup in the identification of the clothes but it was eventually straightened out.

Five P-51 Mustangs were assigned to this group and a schedule was drawn up for checking out in this sleek little plane by Group Operations.

The PX Soda Fountain was closed today in keeping with the new schedule set for it.

30 October: Passes to Paris were again permitted for this Group, and eventually enough fellows were persuaded to go to fill our quota.

- (25) Lt. Malone of the 396th Squadron was appointed Group Information & Education Officer, at this time a counselling office more than anything else. Lt Birdsell received the job of Group Personnel Officer.

- (26) The Civilian Personnel Office in Station S-2 drew up a list of regulations and bits of information for issuance to civilian DP employees and their GI employers. This memo was printed in both English and German and is meant to be a guide for civilian behavior on the base.

- (21) SPECIAL ORDERS NO. 136, 368TH FG HQS, dated 26 October 1945
(22) SPECIAL ORDERS NO. 137, 368TH FG HQS, dated 27 October 1945

(26) L₂ TTER, "CIVILIAN REGULATIONS", 368TH FG, dtd 1 November 1945

(27) 31 October: Station Bulletin No. 2 was issued today on subjects ranging from Tipping to Leaves in Czechoslovakia.

The usual end of month work filled the calendar for today: The PX Inventory was taken as well as the Officer's and the EM's Clubs Inventories. Ledgers were balanced out and audited. A promotion list was drawn up by S-1 in readiness for approval and issuance.

The month of October ended as it began with a "buzz job" by the old proverbial "eagle". He laid quite a few profitable "eggs" in the nests of most fellows, many of whom made a bee-line for the soldier deposit window to provide for future days spent 'stateside!

MINUTES OF EM COUNCIL MEETING
27 October 1945

The initial council appointed by Par 8, Special Orders 137, Hqs 368th Fighter Group, was called to order by the Acting President, S/Sgt Harry L. Rosen, with all members present, at 1100 hours, 27 October 1945, with Major Baer and 1st Lt Deputy as advisors.

The first suggestion put before the Council was the procurement of liquor ration in accordance with Lt. Hq USEET, subj: Supply of Liquor to Officers and Non-Commissioned Officers of the U S Army on the Continent." dtd 1 Oct 45. Major Baer and 1st Lt Deputy explained the channels and what supply could be expected. It was decided to turn all money that was available to Sgt Kruse and 1st Lt Deputy in the next few days and have 1st Lt Deputy purchase the liquor. Distribution of said liquor would be discussed at a later council meeting. It was agreed not to pay over 6.50 per bottle of cognac. It was also agreed that the prices charged at the present were satisfactory to every one.

A question was then raised about transportation for men going on hunting trips. Major Baer suggested that Squadrons iron out their own difficulties preferably by running a special convoy Saturday and Sunday for men desiring to go hunting.

Food was the next item under discussion. The quantity and the preparation of the food had fallen below standard the past few days and was attributed to the unexpected arrival of new men and the lack of competent help in the kitchen. Procurement of chinaware was brought up and it was agreed to purchase such, if available.

It was also decided that the 487th Service Group would appoint a similar Ed Council and joint meetings would be held from time to time with the 368th Fighter Group on matters affecting the Base.

An election of officers took place with results as follows:

| | | |
|----------------|------------------------|---------------|
| President | S/Sgt George W. Clark | 396th Ftr Sq |
| Vice-President | Cpl John Baka | 395th Ftr Sq |
| Recorder | Sgt James J. Jennewein | 397th Ftr Sq. |

It was agreed by the Council that a meeting be held every 2 weeks.

It was moved that the meeting come to a close. Nomination was seconded, voted upon and carried. The meeting adjourned at 1205 hours, 27 Oct 45.
