PART II

NARRATIVE
PART II - OPERATIONS:

The end of October left the 363d FIGHTER GROUP with its face completely lifted, and itself a mere skeleton of the former "Glory Group" of the old combat days. Redeployment picked the nest from its bones and left it with but one hundred and forty seven (147) enlisted men as compared to an authorized eight hundred and five (805) men. The Officer strength stayed pretty close to the authorized strength but at one time there were only ten more enlisted men than officers in the group. Under this situation many Officers were seen at a typewriter doing a clerk-typist's job, and others appeared for work in their coveralls to preflight their airplanes.

The face-lifting-job was the result of an overall change of key personnel in the outfit, and would be the envy of any expert plastic surgeon. With the transfer home of such "vets" as our Commanding Officer, Colonel Parego; our Deputy Commander, Lt. Colonel Carbone; and our Adjutant, Major Johnson; a new administrative lineup appeared in the persons of Major Crisp as CC, Major Lauer as Deputy CC, and Lt. Koolhuis as Adjutant. The many other principal and additional duties were reassigned among the remaining Officers with a large share of former flying officers now assuming positions as "swivel-chair-pilots" behind an executive desk.

There are quite a few Officers left who have been with the group for quite a long time, but the remaining enlisted men are mostly new men recently transferred from Base Air Depots in England. Many of these men have sweated the war out at Warton or Bartonwood, England, for as high as two and three years working hard but getting no battle credit or points for battle. These men do not complain but are mighty anxious to get home to their families and have no taste for occupational life.

The one "sore spot" in this Group's "occupational furlough" here in Bavaria is the quality of the food and clothing rations which have been received during the last month. At the Enlisted Men's Consolidated Club I feel a noticeable lack of the better cuts of meat in an insufficient supply of such things as sugar, butter, and sometimes even bread, has been experienced. Widespread complaints from both Officers and enlisted men has resulted in an investigation into the matter.

The station has received a large supply of coal for the winter and is using D.P. labor to unload and load into the bins, under the supervision of Base Utilities and our Group S-4. Winterization of the buildings continues, and a heat conservation move was made by billeting all the X1 in one heated part of the large barracks.
PART III
DIARY
PART III - DIARY:

1 October: What should have been just another "Blue Monday" turned out to be quite a cheerful one for several reasons. First of all, the Eagle buzzed the field today, and in spite of being a day late (yesterday being Sunday off) he left many smiling faces and building pocketbooks.

Good news from higher headquarters also left many Officers happy and hopeful when the critical score for their was lowered to 75 points. Major Johnson, Colonel Perego, and Lt. Colonel Carbin received word that they are soon to be transferred to the 21st.

2 October: Fifteen Enlisted men from Headquarters Squadron, and a representative number from the other squadrons, received word today of an increase in pay for themselves; and it was evident that many hands were held a little higher today, while everyone was calling their friends by their new rank rather than the old nicknames. Most of these fellows have been working long for these stripes, which up to now have been all but unattainable.

News were report today concerning 21 with over 75 points being on the way home by the 11th.

3 October: A new men, Col. Turner, was assigned to the distribution and will soon to become acquainted with the work and to replace Capt. Jones when he returns to the 21st.

There are two E's more located one rang on the Non-Com ladder and given a well deserved stripe.

4 October: Major George Johnson arrived today from XII FG and was assigned to the squadron. Major Johnson has "viet" combat experience as a fighter pilot and has piled up 246 points on his adjusted scoring score card.

Thirty six days it appeared on orders today to leave for before the 10th on what as called "Continental Journey Home". The comrades keenly nursing the words of hope concerning post war plans and of how these lucky boys are going to put their hearts into the service of Old America.

The last issue of this unit's news-sheet "The Regiment Faces" appeared today. Due to lack of available personnel, this in current posture of our occupational life has been forced to cease publication. It will be greatly missed by all personnel.

5 October: Lt. Colonel Corbin, Deputy Group Commander, and Maj.-Gen. Johnson, Group Adjutant, left by T-55 aircraft for RAF Station 502 to be redeployed to the UK. Both were veterans of this unit and have served it well.

This group is now operating under the 76th Fighter Wing, whereas it formerly was directly under XII TAC. This information was received yesterday by telegraph.

Preparations continue for the E1 Dance on Saturday, while the Officers entertained themselves with a Force this evening.

6 October: All salvaged A/L clothing possessed by the Civilian Employees was picked up by 5-4 to be dyed in accordance with 5 AF directives.

The E1 Dance was held in the Officers Club Rooms from 1500 to 2200 hours with a German Orchestra and Floor Show. It was an all-out affair and enjoyed by everybody.

7 October: The weather cleared up after a rainy nite and attracted a large number of huskies and sightseers. The Officers Club did not open tenis because the liquor supply was exhausted, and the club rooms were still a mess from the party.

3 October: The padre, Captain Cleary, left today for the 27th Fighter Wing. Father Cleary was Club Officer for the Fortress Officer's Club.

"The Fortress Feature" was closed out today and the final issue was sent to all former members of the group.

5-4 sent all the Civilian clothing to Shrinking to be dyed and discovered there was no dye available from Civilian sources.

Several E. were sent home for various medical reasons; good reason for some long faces around the field.

2 October: Flying weather was good today but little more than the most essential work was done with half of the group going home tomorrow no one was in the mood for "occupying Germany". The evening was spent in last minute packing and in farewell over a drink or two at the club. Most of the fellows stayed sober however and went to bed early in preparation for an early rising.

10 October: By the first light of morning the truck convoy left the base taking some 300 folks a little closer to home. Their transfer left the base a lot quieter and eliminated all waiting in line at mess hall and PX.

10 October: (cont.)

Major John A. Buse, formerly 396th Squadron Commander assumed the office of Group Executive Officer, and Major Dennis Timme became Deputy Group Commander.

The group received its new Captain in the person of Capt.

Mark J. Logan, who replaces Father Clergy.

11 October: Difficulty is still being encountered by S-4 in procuring dye for the coloring of Civilian clothing. A Face Recognition (F-3) was drawn up on Vehicular Traffic Rules this evening after frequent displays of traffic violations and carelessness on the field.

12 October: Bad weather today gave the pilots a chance to pre-flight the stored aircraft and get experience in preflighting and maintenance which will be of their responsibility hereafter.

Engineering units of the group consolidated today and the number of aircraft allotted for operational purposes was increased to four planes per squadron.

Captain Newton L. Davis left for London to attend a 27-day course in Law at General Council of the U.K.

13 October: The maps allotted men were ordered to move from their cramped rooms in the basement to larger rooms near the center of the building in order to conserve heating fuel. No other squadrons have already moved to better for the same purpose.

The officers held a dance party at the Jewish Chabot next outside of Scrubbing this evening.

14 October: A non-operational day today with the usual amount of off-duty activities going on.

15 October: The F-2s flew to the adjacent bringing 6 Officers and 12 men for a 3-day leave. They picked up the group that had gone down the previous week.

The S-4 section requisitioned from the age required for coloring of Civilian clothing.

16 October: Lt. William Vincent was sent to 70th Wing for 36 days of detached service with Operations.

17 October: Capt. John Timme was appointed Senior Safety Officer, and Lt. Steiner was appointed Assistant Director.

A formal party was held this evening for Colonel Forester, who leaves for home tomorrow.

17 October: Bad weather restricted all flying for the day as far as local training flights go.

A truck was dispatched to R-72 to pick up thirteen T1s who are transferring into our group. All these men have over 50 points.

Colonel Perigo, Group Commanding Officer, left for A-77 in order for return to A-7. Colonel Perigo was well liked and respected by his men and will be missed.

18 October: A new Aircraft Accident Investigation Board was established with Major John V. Beier as President, Major Coleman as Assistant Aircraft Accident Officer.

The thirteen new T1s were assigned to the squadrons today with one man assigned to T1 Squadron. Replacements incoming, so sector, is far, are precious items.

Major Jamie Fritts, Deputy Group Commander, resumed the office of Group Commander replacing Colonel Perigo.

19 October: The Photo Lab reopened again under the sponsorship of the 397th Squadron and a schedule was set up for development and finishing of prints. A very popular item with the many photographers and amateur photographers.

Another foggy day kept everything grounded, and gave the flying officers another chance to get in some maintenance time.

20 October: A Special Court-Martial is appointed today with Major Beier as President of detail. Captain James Curtis is the 1st member.

Lt. Hauser of 397th Squadron was placed on 2D with 306th Weather Section. Lt. Hauser is a flying officer.

The Officers held a party on the Hill in the evening and a "O. Show" was presented at the Fortuna Theatre on the base.

21 October: A perfect Sunday morning for those who like to sleep late, but not so pleasant for eager beavers who arise early for hunting, or skiing, or fishing on their day off.

22 October: The weekly trip to the Riviera was made once more with the usual coast of 3 Officers and 3 EM.

Commercial are rushing work on the new BX Soia fountain to meet the coming deadline on Tuesday. Four girls were hired to act as Soia jokers and waitresses.

Station Bulletin No. 1 was issued today to disseminate information of general interest to units on the base.

Lt "Arky" Cook was appointed Fuel Economy Officer, a most important office in view of the fuel shortage here in Germany.

23 October: The Post Exchange's new Soda Fountain opened today to the patronage of a large and "ice-cream hungry" clientele. It looks as though the demand will be bigger than the supply and the possibility of rationing of the confections will be great.

S/Sgt S. J. Konynia reported for duty this morning after returning from 8 months of studying at Biarritz, France. Sergeant Konynia studied Commerce and has only praise for the course and the accommodations.

Thirty three Enlisted replacements arrived late this evening from 70th Wing, but most of them had sixty points or more. Only four of them had under fifty points but two of these had less than thirty points.

24 October: The new men were assigned to their squadrons with six going to Hqs Squadron. These replacements are acting more or less as a blood transfusion for our understrength Group.

Some more appointments were made (almost a daily occurrence) as follows: Lt. Stephens was made Recruiting Officer, Lt. Wallace was brought from the 366th S-2 Section to become Hqs Group S-2 Officer, while Lt. John assumes the responsibilities of the Voting and Historical Officer for the Group.

25 October: Today the Base was honored by the visit of Major General Kepner, Commanding General of 9th Air Force, who made an informal inspection tour of the field. Also on the base today was an administrative inspection team from XII TAC, which inspected the various squadrons.

A meeting was held this morning of Group and Squadron Intelligence Officers to discuss the consolidation of S-2 sections. A partial consolidation was agreed upon leaving the S-2 sections in the squadrons to carry on the minimum work required while all important S-2 operations would be done by Group.

26 October: An Air Review Mission scheduled for today was cancelled due to bad weather.

A Standard Operating Procedure for the reporting of ground vehicle accidents was drawn up by S-1 for guidance and instruction in the future.

Major McKeown was officially appointed Group Operations Officer and Major Baer was appointed (additional duty) Group Administrative Inspector and Group Surveying Officer. Several other additional duties were assigned to different Officers in the Group.

27 October:  Two Councils were appointed today: Group Safety Council, and Special Service Enlisted Men's Council. The latter council held a meeting at 1100 hours and discussed items of general interest to the Enlisted Men. An election of officers was held and a decision reached to convene every two weeks.

Ten men from Headquarters plus a few hundred other GIs had their weekend ruined by being put on detail shoveling coal this afternoon. However, it was an emergency detail, and the hundred carloads had to be unloaded to free the cars for immediate use.

28 October:  A large group of civilian workers volunteered to finish unloading the coal cars in return for their meals and extra pay, so the GIs could enjoy their day off after all. Many were the aching backs that stayed in bed this "unusual morning after their shoveling yesterday. Some more ambitious souls rose early for hunting or sightseeing. The Post Exchange Soda Fountain was open today under the new scheduled set up and was well patronized by the appreciative GIs.

29 October:  Six more men were named to make the Riviera Excursion run today but were unable to leave because of bad flying weather.

The civilian clothing has finally been dyed and was distributed. There was quite a bit of mix-up in the identification of the clothes but it was eventually straightened out.

Five P-51 Mustangs were assigned to this group and a schedule was drawn up for checking out in this sleek little plane by Group Operations.

The PX Soda Fountain was closed today in keeping with the new schedule set for it.

30 October:  Passes to Paris were again permitted for this group, and eventually enough fellows were persuaded to go to fill our quota.

Lt. Malone of the 396th Squadron was appointed Group Information Officer, at this time a counseling office more than anything else. It Birdsall received the job of Group Personnel Officer.

The Civilian Personnel Office in Station S-2 drew up a list of regulations and bits of information for issuance to civilian DF employees and their GI employers. This memo was printed in both English and German and is meant to be a guide for civilian behavior on the base.

31 October: Station Bulletin No. 2 was issued today on subjects ranging from Fpping to Leaves in Czechoslovakia.

The usual end of month work filled the calendar for today: The PX Inventory was taken as well as the Officer's and the EM's Clubs Inventories. Ledgers were balanced out and audited. A promotion list was drawn up by 8-1 in readiness for approval and issuance.

The month of October ended as it began with a "buzz job" by the old proverbial "eagle". He laid quite a few profitable "eggs" in the nests of most fellows, many of whom made a bee-line for the soldier deposit window to provide for future days spent 'stateside!"

MINUTES OF 21st COUNCIL MEETING
27 October 1945

The initial council appointed by Par 8, Special Orders 137, Hqs
368th Fighter Group, was called to order by the Acting President, S/Sgt
Harry L. Rosen, with all members present, at 1100 hours, 27 October 1945,
with Major Baer and 1st Lt Deputy as advisors.

The first suggestion put before the Council was the procurement
of liquor ration in accordance with Lt. Hq USFED, subj: Supply of Liquor
to Officers and Non-Commissioned Officers of the U S Army on the Continent,
dtd 1 Oct 45. Major Baer and 1st Lt Deputy explained the channels and what
supply could be expected. It was decided to turn all money that was available
to Sgt Kruse and 1st Lt Deputy in the next few days and have 1st Lt
Deputy purchase the liquor. Distribution of said liquor would be discussed
at a later council meeting. It was agreed not to pay over 6.50 per bottle of
cognac. It was also agreed that the prices charged at the present were
satisfactory to everyone.

A question was then raised about transportation for men going on
hunting trips. Major Baer suggested that Squadrions iron out their own dif-
ficulties preferably by running a special convoy Saturday and Sunday for men
desiring to go hunting.

Food was the next item under discussion. The quantity and the pre-
paration of the food had fallen below standard the past few days and was
attributed to the unexpected arrival of new men and the lack of competent
help in the kitchen. Procurement of chinaware was brought up and it was agreed to purchase such, if available.

It was also decided that the 487th Service Group would appoint a
similar Ed Council and joint meetings would be held from time to time with
the 368th Fighter Group on matters affecting the Base.

An election of officers took place with results as follows:

President S/Sgt George J. Clark 396th Pfr Sq
Vice-President Cpl John Raka 395th Pfr Sq
Recorder Sgt James J. Jennswain 397th Pfr Sq.

It was agreed by the Council that a meeting be held every 2 weeks.

It was moved that the meeting come to a close. Nomination was second-
ed, voted upon and carried. The meeting adjourned at 1205 hours, 27 Oct 45.

FOR THE GROUP COMMANDER: Charles E. Koenigshausen, 1st Lt. MC, Adjutant.
NUMBER 2 31 October 1945

TIPPING:
Effective immediately the custom of tipping will not be permitted in any club, bar, hotel, mess or other similar establishment operated by or for any agency or part of the US forces in the US occupied areas.
This applies to any service furnished by waiters, porters, barbers, boot blacks or similar personnel.

MOTORCYCLES:
Effective immediately no personnel will be allowed to ride motorcycles on or off the station. All individuals owning motorcycles will store them at once, and under no condition will any one be allowed to ride them.
United States Government vehicles will be delivered to storage.

DRIVING OF VEHICLES:
Every officer and enlisted man, authorized to drive on or off the Station, is required to have a valid driver’s license. These can be secured at the group motor pool.

POST EXCHANGE:
The Post Exchange will be open for business daily from 1400 hours to 2200 hours except Monday. It is requested that each person confine his purchases to 1.50 marks daily in the soda fountain. If excess purchases are made the Post Exchange will have to put into effect a forced rationing program. Your cooperation is requested.

GUNS AND AMMUNITION:
Guns and ammunition are now available at the S-4 office. Only one box of ammunition will be issued for each gun. Guns are for issue on a daily basis, and must be turned in before 1700 hours of that day, or by 0800 hours the next day. Your cooperation in conserving ammunition is requested, for there is only a limited supply left.

FUEL:
Due to a critical shortage of coal in this area it is requested that each individual help in a conservation program. Limit the number of showers per week, and length of time in the shower. During the sleeping hours, and when not in use, all radiators should be turned off.

CORRESPONDENCE:
All units are again reminded that all correspondence will be forwarded through military channels, unless in possession of specific instruction to do otherwise.
LEAVES AND FURLoughs:

Compassionate leaves and furloughs to Czechoslovakia for the purpose of visiting blood relatives (Cir 109, USFET, dated 7 August 1945) are authorized. Requests will be processed through normal military channels. Leaves and Furloughs to places other than leave centers are authorized if a bonafide address is furnished. The applicant will certify on his application that he will not be dependent on the U.S. Army for quarters and rations.
